To Whom So Ever It May Concern

This is to inform that Mr Gurdeep Singh is working with me as a work rider and Stable hand from the month of January 2016 and till August 2016. He is good rider with good handling he can settle horses well on track and as a good judgement about the horses with pace knowledge of gallop, canter and steady canter. I am very much impressed with his work. Apart from track work riding he help in the other stable work. Like grooming, mucking and leading horses. He is a hard working guy and genuine person. I wish all the best for his future.
