## **ABOUT ME**

I am a young trainer and realise owners are my customers. I do my best to make the ownership experience as informative and enjoyable as possible with regular updates on horses and stable events. I only ever have a small team in work and am able to treat each horse as an individual and offer a quiet, relaxed farm setting for training and spelling. I'm always open to taking on more horses and usually have shares available in horses so feel free to give me a call or send me a message if you are interested in getting involved in a big or small way, I love talking horses!
