References from a small portion of Te Akau's happy owners...

"You get such great information about not only your horses but the stable in general. The updates are a great read, and the whole experience has just been so welcoming" Gus Weston

"Te Akau is a great way to get involved with racing a horse or horses because of the syndicate scheme, where you can take whatever percentage you wish. Meeting other owners at open days, race-meetings and on the Singapore trips has been a bonus. The communication from Karyn and David and the team is very good and we are kept up to date with what is going on with our horses and others in the stable. We are always made to feel welcome when we visit the stables in Matamata, or the farm at Te Akau" Pat & Marilyn Cadle

"They are a very professional organisation. David (Ellis) and Karyn (Fenton-Ellis) are very complementary in the way they operate. I like the communication side; they are very good at it and the trainers also provide very efficient communication. We get pre race information and reports afterwards, so we know where we are" Barry Old
