## BIOGRAPHY

Born in Dourados, countryside of the State of Mato Grosso do Sul, Brazil, where the family had horses to help with the production and maintenance of the farm, and that is why I grew up learning to love horses.

At the age of 16, at the beginning of 2018, I went to work at the jockey club in Sorocaba, State of São Paulo, for coach M. Artemam who is one of the best *Quarto de Milha* horse coaches in Brazil. After 14 months learning to ride, in January 2019, I went to the Jockey Clube de São Paulo apprenticeship school. In August 2019 I made my debut riding 6 horses. A week later I was invited by the *Escola Profissional do Turfe do Rio de Janeiro (EPT)* and, in February 2020, I debuted at the Gávea racecourse, riding 9 horses, having won two races. On August 2021 I was Champion apprentice and ended the season in third place in the ranking of apprentices of the Brazilian Jockey Club of Rio de Janeiro.

In October 2021 I was invited by Kuwait's Aldaban Stable, where I started my journey as an international professional jockey.

Following my dreams, in mid 2023 I went to Singapore as a freelance, where I always wanted to be to expand my professional experience.
